Nestled beneath the 6,285-foot peak of its namesake, Roan Mountain State Park provides a perfect base for visitors to explore this beautiful highlands region. A 10-mile drive from the park takes visitors through spectacular heights of the Roan, a naturalist's paradise with a rich array of plant and animal life. During the middle of June, the Catawba Rhododendron bursts into bloom, forming one of the largest natural Rhododendron gardens in the world.

The Appalachian Trail meanders across the Roan highlands, taking visitors across the largest expanse of grass balds in the southern Appalachians. Impressive views, thick carpets of moss and many wildflowers greet the hikers along these high mountain ridges.

Beautiful in any season, Roan Mountain attracts those looking for breathtaking views and a quiet solitude above the clouds.

Take I-181 to the Roan Mountain State Park/Elizabethton exit (Highway 67). Follow Hwy. 19E south out of Elizabethton, toward Roan Mountain. The park is approximately 16 miles south of Elizabethton. From Boone, NC take Hwy 105 to Newland, NC. Take Hwy 194 N. out of Newland toward Roan Mountain. At Elk Park, NC, take Hwy 19E to Roan Mountain, TN. In Roan Mountain, turn on Hwy 143.

Access Fees may apply. Call park for details.
